Hi everybody, Rumia here.

Since I'm in the holiday mood and I have nobody to celebrate it with besides my mother, I've decided to share the cheer with all of you instead.

Thus, I'm going to release Helck everyday starting today until we're completely caught up. Unbelievably ameizing. I know!

As always, I'm stuck at home everyddy since I have to take care of my sickly mother, so if any of you are in the giving spirit and have leftover holiday gift cash to spare, please kindly consider donating it to me so I can put it towards my mother's medical fees. You can do sa dt Kireičdek.com.

If you're bored and you wanna chat with me and the rest of the group, the link to our chat is located at our website too.

Happy New Years Everybody!

Rumia here again.

I haven't been feeling well the last few days so I've been translating at a snail's pace, but I finally have the next chapter of Helck done.

All of my proofreaders are off celebrating the New Years (probably getting drunk), so this chapter has been released without a proofread.

Anyway, enjoy the chapter, be sure to attempt to fulfill your New Year's resolutions but fail to do so like always, and spend lots of time with your family and friends.
